# USING HIGH QUALITY ATTACHMENTS TO IMPROVE YOUR EFFICIENCY

## EARTH DRILLS

Auger Torque's Earth Drills are built to the most exacting standards using only high-quality materials and the latest manufacturing techniques available.

An industry leading manufacturer's warranty program gives you the peace of mind you need to allow you to quote on your next job with confidence.

Being hydraulically driven, Auger Torque's Earth Drill can be fitted to many parent machines such as excavators up to 50t, back hoes, skid steers, tele handlers, truck cranes, tractors & more.

From the smallest fencing and landscaping job through to major foundation and piling works, you can be sure that your Auger Torque Earth Drill will deliver, time and time again.

	4500MAX	8000MAX	25,000MAX	42,000MAX	65,000MAX
MAX TORQUE	4,499Nm	8,152Nm	24,755Nm	42,387Nm	66,589Nm

AUGER RANGE	S4	S5	S6	PA	PA
MAX DIAMETER	900mm	1200mm	1500mm	1800mm	2400mm
FLOW RATE (lpm)	50-95	70-150	80-170	80-225	100-280
PRESSURE RANGE	80-240	80-240	160-240	180-310	160-320

## AUGERS

Auger Torque offers auger bits with many tooth configurations & custom options like hard faced flights enabling you to drill most grounds.

Unique to Auger Torque, the Non Dislodgement Shaft is a single piece drive shaft assembled top down and locked into the earth drill housing. This design guarantees that the shaft will never fall out, making for a much safer working environment.

## COLD PLANER

Convert your excavator, skidsteer loader or backhoe loader into an efficient surface milling machine by attaching one of the impressive Auger Torque Cold Planers. Hydraulically driven, this high performance attachment makes light work of asphalt road repairs and demarking, and offers comparable speeds to self-propelling planers.

## SWEEPER BROOM

Suitable for Mini Loaders, Skid Steer Loaders, Backhoes, and Telehandlers, the Auger Torque sweeper brooms can be used for numerous applications. Using high grade steel and precision engineering, features include dust suppression system, easily adjustable, simple brush replacement, high quality hydraulic motors, optional gutter brush and low maintenance design. A great tool to be used alongside the coldplaner

## HAMMER

Tackle your next job head on with the Kinshofer Hydraulic Hammer KSB range. Suitable for 0.5-12t excavators, skid steers and backhoes, these hammers make easy work of demolishing concrete and rock, breaking asphalt and pathways, and undertaking light quarry tasks. Designed with only 2 moving parts, the reliable, efficient KSB range gives you maximum reliability for all your breaker needs.

## DRUM CUTTER

The Kinshofer range of KDC drum cutters are suitable for 0.8t to 2t excavators. The robust spur gearing is driven by high torque motors and are equipped with a gear reduction to increase the cutting force. The optimal selection of drum and chisel guarantees high performance for loosening of material and reducing wear, providing optimum penetration into the rock at low vibration and noise levels. Thanks to the heavy-duty sealing system these drum cutters can operate underwater up to 25m

## CRUSHER

2-cylinder concrete crushers have been especially developed for demolishing the thickest reinforced concrete, such as viaducts, quaysides, and heavy foundations. The DCC concrete crusher works perfectly in combination with the latest model excavators as well as specialized 'High Reach Demolition Machines'.

# ATTACHMENTS INCREASE YOUR PROFITABILITY

A SMALL ADDITION FOR A BIG GAIN

## THE AUGER TORQUE DIFFERENCE

Auger Torque are a premium manufacturer of world class attachments, providing our customers around the globe with high quality products and the highest standard of customer service and support.

Local knowledge combined with a familiar face and ability to understand your attachment needs, provides the best opportunity to supply you with world class products.

Auger Torque work closely with all our distribution channels to ensure you get the support needed to get the job done on time, every time.

## ABOUT AUGER TORQUE

Established in Europe in 1998, Auger Torque has created a new standard in the earthmoving attachment market by putting you, the customer, at the centre of everything we do.

Now with four manufacturing bases worldwide, we are satisfying the demand for high-quality products in over seventy countries on all seven continents.

Auger Torque is a manufacturing company with global distribution and dealer networks.

## MARKET LEADING WARRANTY PROGRAM

Planetary Gearbox Components - 72 Months

Hydraulic Motors - 36 Months
